

Electric Mixers series AM

General features:

- Mixers with electric motor, monophase or triphase.
- Suitable for small tanks (from 100 lt to 500 lt).
- Stainless steel shaft covered in PVC.
- The flange and the PVC covering protects the agitator shaft from aggressive products and chemical vapors.

Series AMV

Series AML

Series AMV (fast)		
Motor	0,18 kw	
Speed	1400 r/min
